Financial Management Discussion and Analysis (continued)

Assets

Cash is composed of cash at banks and unrestricted cash balances held by the Foundation's investment managers. As at September 30, 2018 total cash in operating bank accounts amounted to \$53,471 and unrestricted cash balances held by the Foundation's investment managers amounted to \$135,943.

Investments and Endowment Fund asset have increased by 2% or \$484,689 for the six-month ended September 30, 2018 compared to the investment value at March 31, 2018. For the six-month period ended September 30, 2018 the combined portfolio returned 2.76% or \$816,876 (September 30, 2017 – 0.99% or \$273,460) after all fees and taxes. The return rate excluding the remeasurement (unrealized) losses is 0.27% or \$79,593 gain (September 30, 2017 – 2.09% gain or \$577,681).

Prepaid expenses, receivables decreased by \$51,915 compared to March 31, 2018. This is mainly for reduction of receivables from Foundation's investment managers for pending trades of \$32,409 and reduction of dividend and interest receivables of \$34,870, increased by accrued sponsorship and registration fee revenues of \$20,600 for the Award of Excellence symposium and fundraising gala in September 2018.

Capital assets decreased by \$1,657 for the six-month ended September 30, 2018 compared to March 31, 2018 as the result of period end amortization of all assets of \$2,316 reduced by addition to the office furniture and equipment of \$660.

Liabilities

Accounts payable and accrued liabilities increased by \$33,126 for the six-month ended September 30, 2018 compared to March 31, 2018. This is mainly for increases in trade accounts payable of \$49,269 and accrued liabilities of \$18,466 reduced by decrease in payables to Foundation's investment managers for pending trades of \$33,091.

Accrued salaries increased by \$6,761 for the six-month ended September 30, 2018 compared to March 31, 2018.

Deferred contributions and deferred revenues decreased by \$31,975 for the six-month ended September 30, 2018 compared to March 31, 2018. This is mainly for reduction of deferred contribution received from the Department of Canadian Heritage for the "Canada Beyond 150: A Promise to Our Children" project.

Net Assets increased by 1.31% or \$385,570 for the six-month ended September 30, 2018 compared to March 31, 2018 due to the remeasurement (unrealized) gain on investments portfolio of \$737,283, reduced by deficiency of revenues over expenses of \$351,713 for the period.

Net investment income	79,593	577,681	(498,088)	(86)

Revenues from **Funded projects** of \$84,044 represent payment received by the Foundation from the Department of Canadian Heritage for the “Canada Beyond 150: A Promise to Our Children” project.

Revenues from **Sponsorships, donations and contributions, honoraria and fundraising gala** relate to honoraria received from public speaking engagements, donations and revenues from sponsorships and fundraising gala.

Net investment income earned: The Foundation’s primary source of income is derived from the investment income earned on the investment of the original contribution of \$24 million. Investment income earned includes interest, dividends, and distributions, after portfolio management fees. Investment income earned for the six-month ended September 30, 2018 is \$282,344 a decrease of \$11,776 compared to six-month ended September 30, 2017.

Changes in fair value realized of investments for the six-month ended September 30, 2018 include realized loss on sales of investments of \$202,751 a decrease of \$486,312 compared to six-month ended September 30, 2017 mainly due to a reduction in overall investment returns and stock market conditions for the period ended September 30, 2018.

Unrealized gains (losses) on investments measured at fair value are recognized in the Statement of Remeasurement Gains and Losses. Unrealized changes in fair value of the investments in the six-month ended September 30, 2018 were \$737,283 gain compared to loss of \$304,220 in September 30, 2017 mainly due to increase in market value of investments.

The Foundation's total expenses is \$542,274 for the six-month ended September 30, 2018 with the three main users of funds being salaries and benefits, Award of Excellence symposium and fundraising gala and Board of Directors honoraria and travel, totaling \$212,062, \$62,109 and \$60,304 respectively.

There was \$42,355 increase in **Salaries and benefits** expenses compared to September 30, 2017 mainly due to hiring a new full-time position and full six-month payment of the Executive Director salary.

The Award of Excellence symposium and fundraising gala is an event held every two years. The September 30, 2018 expenses were for travel, meals and hotel accommodations, subsidies for winners, venues rental, printed materials, audio expenses for September 27, 2018 event in Winnipeg.

Statement of Operations Discussion (continued)

Honoraria and travel expenses for the **Board of Directors** increased by \$20,785 in the six-month ended September 30, 2018 compared to September 30, 2017. This period expenses includes two in-person meeting of the Board of Directors in April 2018 in Toronto and September 2018 in Winnipeg, and one orientation meeting for two new board appointees. The value of in-kind contributions from board members has not been included in the expenses.

Public Education are the expenses for webinars, Directions, community support and program-related translation. There was a \$47,314 increase in Public Education expenses compared to September 30, 2017, mainly due to the expenses of the “Canada Beyond 150: A Promise to Our Children” project of \$48,202 and community support of \$2,954.

Professional fees are for legal, accounting and corporate services fees. There was an -increase of \$17,288 in professional fees expenses compared to September 30, 2017, mainly due to \$22,021 consulting fee of the “Canada Beyond 150: A Promise to Our Children” project.

Rent expense for the office space for the six-month ended September 30, 2018 increased by \$7,798 compared to September 30, 2017 due to rent inducements and property tax adjustments applicable to 2017 rent.

Conferences, symposia and consultations expenses increased by \$12,861 for the six-month ended September 30, 2018 compared to September 30, 2017, mainly due to the expenses of the “Canada Beyond 150: A Promise to Our Children” project of \$5,277 and staff travel expenses to Winnipeg meetings.

Communications are public and media relations expenses. There was a \$4,260 increase in communications expenses compared to September 30, 2017 mainly due to the expenses of the “Canada Beyond 150: A Promise to Our Children” project.

Office and general expenses decreased by \$1,067 for the six-month ended September 30, 2018 compared to September 30, 2017 mainly due to reallocation of expenses to the “Canada Beyond 150: A Promise to Our Children” project.

Outlook for the Future

Fiscal Year 2018-19

During the fiscal year 2018-19, the Canadian Race Relations Foundation will continue to fund its core programs and operations through the investment income from its original endowment. As well, following on the successful implementation and completion of the Foundation's two previous multi-year grants, the Foundation received further funding from the Department of Canadian Heritage for implementation of "Canada Beyond 150: A Promise to Our Children" a three-year project started in July 2017. The Foundation will continue to focus on building bridges to promote in-depth cross-country conversations while broadening the reach and depth of its programs as a national voice to strengthen harmonious race relations. The Foundation's program activities conform to its unique brand as a leading facilitator and resource for the advancement of positive race relations. It is not the Foundation's role to be a strong advocate. Neither is not equipped to function as such.

A major new initiative this year is the Science of Racism project, which aims to develop a public exhibition related to the science behind racial bias. In addition, the fiscal year will see a focus on building a robust system of online resources to further the Foundation's mission and vision including its Clearinghouse. The Foundation is also committing to new research and survey ventures with its preferred research partners.

The Foundation has an approved operating revenues budget of \$815,000 and an expenditures budget of \$1,245,000 for 2018-19. The approved budgets were set with an understanding of the fiscal limitations faced by the Foundation in today's economic climate. The approved budgets for the year are closely monitored by senior management, the Finance and Audit Committee and the Board of Directors. Budget variance reports are reviewed and monitored on a regular basis. Where necessary, adjustments are made in consultation with the Finance and Audit Committee, subject to the approval of the Executive Committee of the Board of Directors. All expenditures are governed by the approved budget and Board resolutions, as well as any applicable guidelines and policies of the Government. To further strengthen oversight, management will be required to obtain prior approval of the Executive Committee of the Board of Directors for any line-item expenditures that will exceed its Board approved budgeted amount by more than 10%. Quarterly financial statements and related notes are also prepared in accordance with the Treasury Board standards and are posted on the Foundation's website.

The Foundation's programs and activities are designed in accordance with the Foundation's Strategic Plan, which continues the forward momentum of the Foundation, building on the successes of the past, and challenging the Foundation to move forward with technological and programmatic advances. While the Strategic Plan advances the Foundation in alignment with contemporary issues of race relations, it represents a commitment to the legacy of generosity of spirit exhibited by the National Association of

**CANADIAN RACE RELATIONS FOUNDATION
SELECTED NOTES TO UNAUDITED QUARTERLY FINANCIAL STATEMENTS
Second quarter of fiscal year 2018-19, ended September 30, 2018**

The unaudited quarterly financial statements should be read in conjunction with the March 31, 2018 audited financial statements of the Canadian Race Relations Foundation published in the 2017-2018 annual report and with the narrative discussion included in this quarterly financial report.

1. Description of organization:

The Canadian Race Relations Foundation (“the Foundation”) was established by way of federal government legislation (*The Canadian Race Relations Foundation Act*, 1991).

The purpose of the Foundation is to facilitate, throughout Canada, the development, sharing and application of knowledge and expertise in order to contribute to the elimination of racism and all forms of racial discrimination in Canadian society.

The Foundation is a registered charity under the *Income Tax Act* and, as such, is not subject to Canadian income tax.

2. Significant accounting policies:

(a) Basis of presentation:

The Foundation has prepared the financial statements applying the Section 4200 series of Canadian public sector accounting standards applicable to government not-for-profit organizations.

The Foundation applies the deferral method of accounting for contributions for not-for-profit organizations.

(b) Revenue recognition:

(i) Donations and contributions:

Donations and contributions are comprised of contributions received from government and non-government entities that are not part of the federal government reporting entity, such as individuals and foundations.

Unrestricted donations and contributions are recognized as revenue on the Statement of Operations when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured.

Donations and contributions externally restricted for specific purposes are deferred on the Statement of Financial Position and recognized as revenue on the Statement of Operations in the period in which the related expenditures are recognized.

Endowment is a restricted contribution subject to externally imposed stipulations specifying that the resources contributed are to be maintained permanently as specified. Endowment contributions are recognized as direct increases in net assets in the period in which they are received consistent with the deferral method of accounting for contributions.

2. Significant accounting policies (continued):

(ii) Net investment income:

Investment transactions are accounted for on a trade-date basis. Trade-date accounting refers to the recognition of an asset to be received and the liability to pay for it on the trade date; and the derecognition of an asset that is sold, recognition of any gain or loss on disposal, and the recognition of a receivable from the buyer for payment on the trade date.

Investment income includes interest from cash, interest from fixed income investments and Endowment Fund assets, dividends and realized gains and losses on sale of investments and Endowment Fund assets classified in the fair value category.

Unrealized changes in the fair value of investments and Endowment Fund assets classified in the fair value category are recognized by the Foundation in the Statement of Remeasurement Gains and Losses.

Losses for impairment, as defined in the Note 2(d), are recorded in the Statement of Operations through net investment income.

Interest from cash and fixed income investments and Endowment Fund assets are recognized as revenue when earned. Dividends are recognized as revenue on the ex-dividend date. Distributions are recognized as revenue on the date the distribution is declared.

Transaction costs, such as brokerage commissions incurred in the purchase and sale of investments and Endowment Fund assets are expensed as incurred and charged to net investment income for investments and Endowment Fund assets recorded in the fair value category.

Investment counsel fees are expensed as incurred and charged to investment income.

(iii) Sponsorships:

Unrestricted sponsorships are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted sponsorships are deferred and recognized as revenue in the year in which the related obligations are fulfilled.

(iv) Donations in kind:

Donated materials and services are recognized in these financial statements when a fair value can be reasonably estimated and when the donated materials and services are used in the normal course of the Foundation's operations and would otherwise have been purchased. Revenues and offsetting expenses from goods and services received in-kind are recorded at fair market value upon receipt. They are recognized under Publications, other in-kind & Miscellaneous revenue in the Statement of Operations.

2. Significant accounting policies (continued):

(v) Volunteer services:

The Foundation records the fair value of revenue and offsetting expenses of volunteer services in its financial statements if the fair value of volunteer services can be reasonably estimated and services are used in the normal course of the Foundation's operations and would otherwise have been purchased. If the fair value cannot be estimated, a footnote disclosure is provided in the notes to financial statements.

(vi) Other revenues:

Revenues from honoraria, fundraising gala, publications, workshops and funded projects are recognized in the year in which the services or events relating thereto take place. Externally restricted funds received in return for future services or events are deferred.

(c) Cash, receivables and accounts payable and accrued liabilities

Cash is recorded by the Foundation at cost. Cash excludes restricted cash as it is included in the Endowment Fund assets because it cannot be spent. Receivables, accounts payable and accrued liabilities are measured at amortized cost.

Any gains, losses or interest expense related to accounts payable and accrued liabilities are recorded in the Statement of Operations depending on the nature of the financial liability that gave rise to the gain, loss or expense.

The Foundation establishes an allowance for doubtful accounts that reflects the estimated impairment of accounts receivable. No allowance was recorded at September 30, 2018 (September 30, 2017 – nil).

(d) Financial assets and financial liabilities

The Foundation's financial assets and financial liabilities consist of cash, investments, Endowment Fund assets, receivables, accounts payable and accrued liabilities and accrued salaries. Investments and Endowment Fund assets have been classified in the fair value category based on the policies described below. Other financial assets and financial liabilities are carried at amortized cost.

Investments and Endowment Fund assets consist of fixed income investments and equities. Endowment Fund assets also include restricted cash. All investments and Endowment Fund assets have been classified in the fair value category and are recorded at fair value as active management of the investment portfolio including capitalizing on short-term pricing opportunities is integral to generating funding for the Foundation. Gains and losses on investments and Endowment Fund assets are recognized in the Statement of Operations when the financial asset is derecognized due to disposal or impairment.

The Foundation assesses at each date of the financial statements whether there is objective evidence that financial instruments in investments and in Endowment Fund assets are impaired.

2. Significant accounting policies (continued):

(d) Financial assets and financial liabilities (continued)

Investments and Endowment Fund assets are considered to be impaired when a decline in fair value is judged to be other than temporary. The Foundation employs a systematic methodology that considers available evidence in evaluating potential impairment of investments and Endowment Fund assets, including market declines subsequent to the period-end; when cost of an investment exceeds its fair value by 50%; evaluation of general market conditions; duration and extent to which the fair value is less than cost over a period of three or four years; severe losses by the investee in the current year or current and prior years; continued losses by the investee for a period of years; liquidity or going concern problems of the investee; and intent and ability to hold the investment by the Foundation.

Once a decline in fair value is determined to be other than temporary, the cumulative unrealized loss previously recorded in the Statement of Remeasurement Gains and Losses is reclassified from the Statement of Remeasurement Gains and Losses and recognized as an impairment loss in the Statement of Operations through the net investment income.

Further declines in the fair value of impaired financial instruments in investments and in Endowment Fund assets are recognized in the Statement of Operations, while subsequent increases in fair value are recorded in the Statement of Remeasurement Gains and Losses.

Portfolio of investments and Endowment Fund assets are reported at fair value. Unrealized changes in the fair value of portfolio investments and Endowment Fund assets are recognized in the Statement of Remeasurement Gains and Losses. Once realized, the cumulative gains or losses previously recognized in the Statement of Remeasurement Gains and Losses are recorded in net investment income. Purchases and dispositions of portfolio investments and Endowment Fund assets are recorded on the trade date. Investment management fees are expensed as they are incurred.

(e) Determination of fair values:

The fair value of the Foundation's assets and liabilities accounted for are based on market measurement on the financial statements date. Fair values of investments and Endowment Fund assets are determined by reference to published price of the most recent transaction in an active market at year end representing by the full price for fixed income investments and the closing price for equities. Inputs to the valuation methodology for determination of fair values of investments and Endowment Fund assets which are classified at Level 2 include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. The prices are determined based on the market activity.

2. Significant accounting policies (continued):

(f) Capital assets:

Capital assets are measured at amortized cost. Assets under capital lease are initially recorded at the present value of the minimum lease payments and are amortized over the term of the lease.

Except for the assets under capital lease and leasehold improvements, amortization is provided for over the estimated useful lives of the assets on a straight-line basis as follows:

Assets	Estimated Useful Lives
Office furniture and equipment	5 years
Office equipment under capital lease	Over the term of the lease
Computer hardware	3 years
Computer software	3 years
Leasehold improvements	Over the term of the lease

(g) Artworks:

The Foundation's Artworks acquired through purchase are paintings and sculptures and are not for sale. The value of Artworks has been excluded from the Statement of Financial Position as they do not meet the definition of an asset per Canadian public sector accounting standards. Purchases of Artwork items are recorded in the year in which the items were acquired as an expense through the Statement of Operations.

(h) Foreign currency translation:

Transactions in a foreign currency are translated to Canadian dollars at the average monthly rate of exchange prevailing at the transaction date and included in the Statement of Operations. The fair value of investments and Endowment Fund assets quoted in a foreign currency and accounts denominated in a foreign currency are translated into Canadian dollars at the rates prevailing at the end of the year. Foreign exchange gains or losses prior to the derecognition of a financial asset or the settlement of a financial liability are recognized in the Statement of Remeasurement Gains and Losses. Foreign exchange gains or losses are recognized on the Statement of Operations in net investment income upon derecognition of a financial asset or the settlement of a financial liability.

2. Significant accounting policies (continued):

(i) Employees future benefits:

The Foundation does not have any obligations for retirement benefits (pensions and other retirement benefits, such as extended health care and life insurance benefits, or any other form of compensation offered for services rendered) to its employees or a promise to provide these benefits to employees because of retirement in return for their services.

The Foundation, in accordance with its human resources policy, provides Registered Retirement Savings Plans equal to 4% of annual earnings to its permanent employees.

There is no obligation for employees to make contributions.

(j) Measurement uncertainty:

The preparation of financial statements in accordance with Canadian public sector accounting standards applicable for government not-for-profit organizations requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses for the year. Fair value of investments and Endowment Fund assets and estimated useful lives of capital assets are the most significant items where estimates are used. Actual results could differ significantly from those estimated.

(k) Contingent liabilities:

In the normal course of its operations, the Foundation may become involved in various claims or legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur or fail to occur, and a reasonable estimate of the loss can be made, a liability will be accrued and an expense recorded in the Foundation's financial statements. No amount has been included in the Statement of Financial Position for contingent liabilities. At September 30, 2018, there are no outstanding claims (March 31, 2018 – nil).

(l) Functional allocation of expenses:

The Foundation's operations are performed by functional areas that provide integrated services to its various programs. Expenses are reported by function or major program and in total on the accompanying Statement of Operations and are disclosed by the detail of expenses by object and in total in the schedule in note 16 to financial statements. This schedule outlines the major types of expenses incurred.

Expenses are initially allocated to Funded project according to the funding agreements. The remaining expenses are allocated to other functions according to rates based on the Foundation's activities and programs. The rates adopted for the allocation of expenses among functions, the nature of the expenses being allocated and the basis on which such allocation have been made are as follows:

(m) Related Party Transactions:

Inter-entity transactions

Inter-entity transactions are transactions between commonly controlled entities. Inter-entity transactions, other than restructuring transactions, are recorded on a gross basis and are measured at the carrying amount, except for the following:

- i) Inter-entity transactions are measured at the exchange amount when undertaken on similar terms and conditions to those adopted if the entities were dealing at arm's length, or where cost provided are recovered.
- ii) Goods or services received without charge between commonly controlled entities when used in the normal course of the Foundation's operations and would otherwise have been purchased, are recorded as revenues and expenses at estimated fair value.

Other related party transactions

Related party transactions, other than inter-entity transactions, are recorded at the exchange amount.

3. Adoption of new accounting standards in 2017/18 fiscal year:

The Public Sector Accounting Board issued new accounting standards effective for fiscal years beginning on or after April 1, 2017.

As a result, the Foundation adopted an accounting policy for Inter-entity transactions (PS 3420). This new Section establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective. The adoption of this new standard did not result in any financial impact on the Foundation's financial statements. See Note 2(m) for the inter-entity transactions accounting policy.

The Foundation also adopted the following new accounting standards: Related party disclosures (PS 2200); Assets (PS3210); Contingent assets (PS 3320); and Contractual rights (PS 3380). The adoption of PS3210 did not result in any changes to the financial statements as it provided additional guidance for applying the definition of assets. The remaining new accounting standards only impact note disclosures. The adoption of PS 2200 and PS 3320 did not result in a significant impact on the disclosures included in the Foundation's financial statements. The adoption of PS 3380 required additional information to be disclosed, see Note 12 for Contractual rights disclosure.

4. Cash

Cash includes \$135,943 (March 31, 2018 – \$227 644) unrestricted cash balances in the investment accounts and \$53,471 in banks at September 30, 2018.

The net assets of the Foundation include an Endowment Fund of \$24,000,000, which is considered restricted funds. The original contribution which was part of the Redress Agreement included \$12,000,000 from the National Association of Japanese Canadians, and \$12,000,000 from the Government of Canada.

The *Canadian Race Relations Foundation Act* stipulates that this Endowment Fund is to be used only for investment and is not available to fund the Foundation's activities. Investment income earned and capital gains realized from the Endowment Fund is available to fund the Foundation's activities.

7. Financial risk management:

In the normal course of business, the Foundation is exposed to a variety of financial risks: credit risk, interest rate risk, currency risk, other price risk and liquidity risk. The value of investments and Endowment Fund assets within the Foundation's portfolio can fluctuate on a daily basis as a result of changes in interest rates, economic conditions and market news related to specific securities within the Foundation's portfolio. The level of risk depends on the Foundation's investment objectives and the types of securities in which it invests.

The Foundation manages these risks by following a diversified investment strategy which is defined and set out in its Investment Policy Statement (IPS). The portfolio is diversified according to asset class by combining different types of asset classes such as money market, fixed income and equities within the portfolio. The percentage of the portfolio allocated to each asset class is defined within a specific range and the allocations are reviewed at least every quarter to ensure that they remain within the target range or the portfolio is rebalanced to the target range.

There has been no change to the level of risk compared to the prior period and no changes in the risk management practices used to manage risks.

(a) Asset Mix:

As of September 30, 2018, the Foundation's investment asset mix was as follows:

Asset Mix	IPS Target	Range Permitted
2.30% in Cash (March 31, 2018 – 3.66%)	0%	0% - 5%
46.53 % in Fixed Income (March 31, 2018 – 46.27%)	80%	40%-80%
19.29% in Canadian Equities (March 31, 2018 – 19.07%)	10%	10%-30%
31.88% in Global Equities (March 31, 2018 – 31.00%)	10%	10%-40%

As of September 30, 2018, the Foundation's Endowment Fund asset mix was as follows:

Asset Mix	IPS Target	Range Permitted
2.26% in Cash (March 31, 2018 – 1.97%)	1%	0%- 5%
40.96% in Fixed Income (March 31, 2018 – 42.96%)	45%	40%-60%
21.03% in Canadian Equities (March 31, 2018 – 20.31%)	25%	10%-30%
31.41% in Global Equities (March 31, 2018 – 30.41%)	25%	20%-40%
4.34% in Real Estate (March 31, 2018 –4.35%)	4%	4% - 5%

7. Financial risk management (continued):

(a) Asset Mix (continued):

Within each asset class, the Foundation also holds investments with different risk-return characteristics. For example, equities are diversified across industry sectors and by company size (market capitalization) while bonds are diversified by credit ratings, term to maturity, as well as across the government and corporate bond sectors. In addition, the Foundation employs investment managers with different investment styles such as value, growth and growth at a reasonable price (GARP). Diversification also occurs at the individual security selection level whereby securities are selected based on either top-down analysis or bottom-up analysis. The Foundation is also diversified across geographic regions by investing in Canadian, US and international securities.

(b) Credit risk:

Credit risk is the risk that the counterparty to a financial asset will fail to discharge an obligation or commitment that it has entered into with the Foundation.

(i) Fixed income securities:

The Foundation's investments and Endowment Fund assets in fixed income securities represent the main concentration of credit risk. The market value of fixed income securities includes consideration of the credit worthiness of the issuer, and accordingly, represents the maximum credit risk exposure of the Foundation.

The credit rating information for September 30, 2018 was not available at the time of this report.

As at March 31, 2018 the Foundation invested in fixed income securities with the following credit ratings:

Debt instrument by credit rating	2018	2017
	Percentage of Value	
AAA (+ R1 rated short-term)	23.80%	21.26%
AA	25.55%	26.28%
A	44.55%	46.26%
BBB	6.10%	6.20%

Credit ratings are obtained from a number of reputable rating agencies (e.g. Standard & Poor's, Moody's, Fitch or Dominion Bond Rating Services). Where more than one rating is obtained for a security, the lowest rating has been used.

7. Financial risk management (continued):

(ii) Accounts receivable:

The Foundation's exposure to credit risk associated with accounts receivable is assessed as being low mainly due to the type of the Foundation's debtors which are mainly from Government of Canada and amounts receivable from pending trades. As at September 30, 2018 accounts receivable comprise of balances of \$23,584 (March 31, 2018 - 98,287) less than 3 months, \$4,512 (March 31, 2018 - \$580) between 3 to 12 months and nil (March 31, 2018 - nil) greater than one year.

The maximum exposure to credit risk for accounts receivable by type of customer as at September 30 is as follows:

	September 30 2018	March 31 2018
	\$	\$
Government of Canada	24,937	22,970
Amounts receivable from pending trades	-	32,409
Dividend, interest and income distribution	-	34,870
Other organizations	27,338	8,618
	52,275	98,867

(c) Interest rate risk:

Interest rate risk arises from the possibility that changes in interest rates will affect future cash flows or fair values of financial assets. Interest rate risk arises when the Foundation invests in interest-bearing financial assets. The Foundation is exposed to the risk that the value of such financial assets will fluctuate due to changes in the prevailing levels of market interest rates. Typically longer maturity instruments have greater interest rate risk; however, a more sophisticated measure of interest rate risk taking into account the interest (or coupon) received is the duration of the securities. Duration is a measure of the sensitivity of a fixed income security's price to changes in interest rates and is based on the relative size and the time to maturity of expected cash flows. Duration is measured in years and will range between 0 years and the time to maturity of the fixed income security. The Foundation has divided its portfolio to be managed by several independent investment managers. The duration of the Foundation's fixed income portfolio is calculated based on the weighted average of the individual investment manager durations. Individual investment manager durations are computed based on the weighted average of the durations of individual securities (e.g. bonds) within each manager's fixed income portfolio.

Greater than 5 years	5,991,076	5 610 088
	12,564,889	12 867 400

(d) Currency risk:

Currency risk is the risk that the fair value or future cash flows of financial assets and financial liabilities will fluctuate due to changes in foreign exchange rates. Currency risk arises from financial assets and financial liabilities that are denominated in a currency other than Canadian dollars, which represents the functional currency of the Foundation.

The Foundation was not exposed to significant currency risk during the period as all of investments and Endowment Fund assets held by the Foundation were in Canadian Dollars.

7. Financial risk management (continued):

(e) Other price risk:

Other price risk is the risk that the fair value or future cash flows of financial assets and financial liabilities will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk). All investments and Endowment Fund assets represent a risk of loss of capital. The investment managers of the portfolio contracted by the Foundation moderate this risk through a careful selection and diversification of securities and other financial assets and financial liabilities within the limits of specified statements of investment policy and guidelines (SIPGs) which are negotiated and agreed upon with each investment manager. The maximum risk resulting from financial assets and financial liabilities is determined by the market value of the financial assets and financial liabilities. The Foundation's overall market positions are monitored on a daily basis by the portfolio managers. Financial assets held by the Foundation are susceptible to market price risk arising from uncertainties about future prices of the instruments.

The portfolio's actual return is compared to the benchmark return as a measure of relative performance. The benchmark return is based on the index returns for each asset class and the long-term target allocation of each asset class in the portfolio. The portfolio's long-term target asset allocation is specified in the Foundation's Investment Policy Statement.

The Portfolio's investment performance will be measured against the performance of a 'benchmark' index calculated using appropriate market indices combined in the same proportion as the Portfolio's benchmark asset mix. The revised investment Policy Statement which was approved by the board of directors in October 29, 2016 and had two more revisions in July 19, 2017 and October 13, 2017 was in force during the current period. As a result, the Foundation's long-term target asset allocation and individual asset class indices in effect as at September 30, 2018 is as follows:

Proportion & Asset Class	Bench mark Index
1% Canadian Cash	DEX 91-day T-Bill Index
45% Canadian Fixed Income Instruments	FTSE TMX Universe Bond Index
22% Canadian equities	S&P / TSX Composite Index

7. Financial risk management (continued):

(f) **Liquidity risk:**

Liquidity risk is defined as the risk that the Foundation may not be able to settle or meet its obligations on time or at a reasonable price. The Foundation is exposed to liquidity risk as the Foundation mainly uses the investment income earned on investments and Endowment Fund assets to settle its obligations and such investment income fluctuates with the market conditions relating to the Foundation investment portfolio. The Foundation manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing and financing activities. The Foundation manages its investments and Endowment Fund assets by maintaining a line of credit of \$100,000 and capital management that allows the Foundation to have sufficient liquidity to settle its obligations when they become due.

At September 30, 2018 the Foundation has a total cash balance of \$189,414 (March 31, 2018 - \$227,644), which is higher than the total liabilities recorded of \$174,816 (March 31, 2018 - \$167,499).

However, total liabilities include amounts payable to pending trades that will be covered by amounts disclosed under investments and Endowment Fund assets.

8. Financial assets and financial liabilities – disclosure

All financial assets and financial liabilities measured at fair value must be classified in fair value hierarchy levels, which are as follows:

- Level 1 Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs that are based on quoted prices for similar assets or liabilities and inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active.
- Level 3 Fair value determination requiring significant management judgment or estimation and at least one significant model assumption or input that is unobservable.

The fair value hierarchy levels information for September 30, 2018 was not available at the time of this report.

Financial Assets at fair value for investments and Endowment Fund assets as at March 31, 2018:

	Level 1	Level 2	Level 3	Total
	\$	\$	\$	\$
Investment Saving Account	86,705	-	-	86,705
Fixed income securities	-	12,867,400	-	12,867,400
Equity securities	15,836,058	-	-	15,836,058
Total investments and Endowment Fund assets	15,922,763	12,867,400	-	28,790,163

The fair values of the fixed income investments and Endowment Fund assets are not quoted in an active market, but rather are determined from quoted prices from a decentralized, over the counter market, which is considered in Level 2 in the fair value hierarchy.
